"Quality to the Core"®

PABCO® Gypsum
a division of PABCO® building products, LLC
PO Box 405
Newark, CA 94560
Technical Services: 866-282-9298
www.pabcogypsum.com

PABCO® Gypsum provides this "Product Directory" reference table as a listing of our gypsum board and gypsum sheathing products. Included below are the panel available thicknesses, sizes, edge types, applicable ASTM product Standards, and assigned UL gypsum core 'types' for each product listed. All products are available in a mold-resistant formulation.

Specific data for products listed below is available on their respective individual Specification/ Submittal Sheets which are available from your PABCO® representative, as well as on our web site: www.pabcogypsum.com.

Other lengths and edge types may be available on a special order basis. Contact your local PABCO® representative, or call PABCO® Technical Services. Please refer to our Product Certification and Limited Warranty on the reverse side, or within this book publication.
